Minneapolis-St. Paul Metro | (612) 239-1035 | Ed@Dobbles.AI | linkedin.com/in/ed-dobbles

## CHIEF ANALYTICS OFFICER | CHIEF DATA OFFICER | VP-SVP ANALYTICS

*"The Geek That Can Speak" — Transformational Analytics Executive Driving \$300M+ in Enterprise Value Through Data Strategy & AI Innovation*

C-suite analytics and AI executive with 25+ years architecting analytics functions that transform data into competitive advantage for Fortune 500 companies and high-growth ventures. Track record leading teams of 60+ FTEs, managing \$17M+ budgets, and delivering \$300M+ in measurable enterprise impact through strategic analytics, AI/ML implementation, and cultural transformation. Translates complex data into board-level insights and executable strategies that drive revenue growth, operational excellence, and market differentiation.

**Core Competencies:** Enterprise Analytics Strategy • AI/ML Strategy & Deployment • Organizational Change Management • Cross-Functional Leadership • Board & C-Suite Advisory • Team Building & Transformation • P&L Influence • Pricing Strategy & Revenue Optimization

## EXECUTIVE EXPERIENCE

---

### FOUNDER & PRINCIPAL

2026 – Present

*Dobbles.AI | Minneapolis, MN*

AI-native market-intelligence data products for the cannabis and beverage-alcohol markets • Solo founder, fully automated AI workforce

- Founded and run an AI-native data-products company with no employees and a fully automated AI workforce — agentic pipelines handle collection, extraction, and product delivery end to end.
- Building Dispensary Intelligence and Menu Intelligence, collecting and extracting data from 200,000 bars and restaurants and 15,000 dispensaries.
- Designed and operate the agentic AI data pipeline that powers the products — ingestion, extraction, and structuring of unstructured menu and dispensary data at scale.

### CHIEF ANALYTICS OFFICER

2025 – 2026

*Overproof | Miami, FL*

C-suite member • Emerging beverage intelligence platform • Startup environment

- Accelerated enterprise growth from single client to \$120K in active pilots with \$1.5M+ in committed full-rollout revenue and robust pipeline of 2-5 additional enterprise opportunities.
- Pioneered AI-powered analytics platform integrating chat-to-Snowflake capabilities, compressing analysis cycles from days to minutes and establishing market-leading competitive differentiation.
- Architected industry-first automated content platform leveraging AI across the full production lifecycle — from news curation and script generation to recording and publishing — eliminating manual intervention and scaling thought leadership.
- Positioned analytics as strategic growth engine, transforming from cost center to revenue driver and market differentiator while guiding company through financial restructuring and scaling challenges.

### VICE PRESIDENT, ADVANCED ANALYTICS

2019 – 2025

*Diageo North America Inc. | New York, NY*

\$4B+ business unit • 20-person team • \$17M budget • North America

- Led analytics transformation for world's largest premium spirits portfolio, overseeing \$17M budget and 20-person team delivering data-driven market execution across North America.
- Scaled analytically-driven distribution program enterprise-wide, generating 115,000 net-new distribution points and \$64M-\$120M in incremental annual revenue — representing 10% of total US growth for \$4B+ business unit.
- Spearheaded AI/ML innovation agenda, implementing machine learning forecasting that improved accuracy 5% while reducing manual effort 100 hours monthly, plus deployed generative AI business intelligence solution with natural language query capabilities.
- Transformed analytics operating model through low-code platform adoption, accelerating project delivery 5X and democratizing data access across commercial organization.
- Established enterprise analytics culture as 'Geek that can Speak,' bridging technical capabilities with business strategy to drive adoption and measurable ROI across sales, marketing, and supply chain functions.

## VICE PRESIDENT, ANALYTICS & PRICING / CLIENT INSIGHT

2010 – 2019

H&R Block, Inc. | Kansas City, MO

\$3B+ tax services leader • C-suite advisory • Enterprise pricing & analytics

- Championed simplified pricing architecture that increased higher-margin client mix 8% in test markets, with projected 4% volume growth and 9% customer satisfaction improvement at national scale.
- Architected and launched New Client Acquisition program generating 220,000 incremental clients and \$100M+ in projected lifetime revenue, establishing sustainable competitive advantage in mature market.
- Prevented revenue erosion of \$180M-\$360M annually by declining widespread price reduction pressure; instead implemented strategic pricing increases yielding \$50M in annual incremental revenue.
- Led International Expansion analytics supporting India market entry, acquiring 100,000 new customers and establishing blueprint for future geographic growth.
- Transformed team culture and performance, doubling employee engagement from 40% to 80% within one year and sustaining 70-80% engagement through tenure.

## VICE PRESIDENT, RESEARCH & ANALYTICS

2007 – 2010

SuperValu, Inc. | Eden Prairie, MN

\$40B+ grocery retailer • 60 FTEs + 20 contractors • \$15M annual budget • Board presentations

- Built offshore analytics center from concept to full operation in 12 months, establishing 30-person international team and reducing annual labor costs \$4M while enabling 24/7 measurement capabilities.
- Increased promotional effectiveness one-third through advanced modeling and optimization, delivering 6:1 ROI and \$30M annual improvement in marketing efficiency.
- Led Big Relief Price Cut Program generating \$60M+ in annual sales gains and reversing decade-long volume decline — first positive unit volume growth in 10 years.

## DIRECTOR, GROWTH MARKETING / ENTERPRISE RESEARCH

2000 – 2007

Best Buy | Minneapolis, MN

10-person insights team • Top 25% corporate engagement

- Identified and developed 6 new product/service pipelines representing \$9B in addressable growth potential.
- Improved in-store customer conversion rate 50% through behavioral analytics and merchandising optimization.

## EARLIER CAREER

Senior Manager, Market Research | The Mark Travel Corporation

Senior Manager, Market Research | Mercury Marine

## EDUCATION & CREDENTIALS
